Manchester May Recount His 'Ordeal'

Post 2/10/67

William Manchester may write a personal memoir—entitled "My Ordeal with the Kennedys"—as a sequel to the four-part serialization of "The Death of a President" in Look magazine.

William Attwood, editor-in-chief of Cowles Communications, Inc., publishers of Look, confirmed yesterday that Look is "definitely interested" in recounting Manchester's conflicts with the Kennedy family over the book they commissioned and later sued to suppress.
